Freedom

In freedom you have the right to make the right choices. Freedom is when you are responsible for your work in class or in groups. Freedom is being responsible to help each other. You could help each other by giving your class friends support and also children all over the school. Freedom takes care of other children.

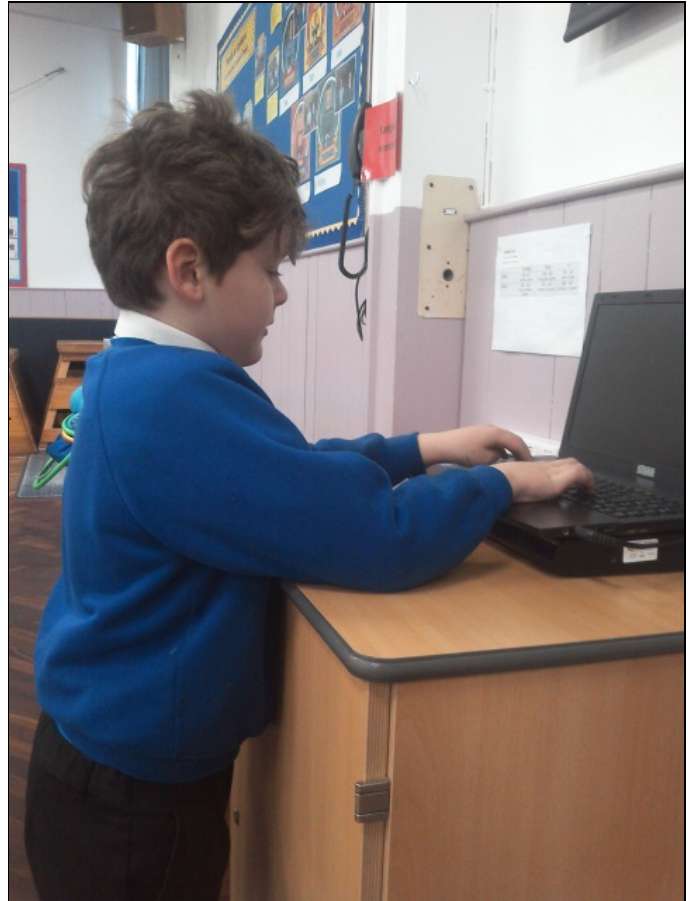

Respect

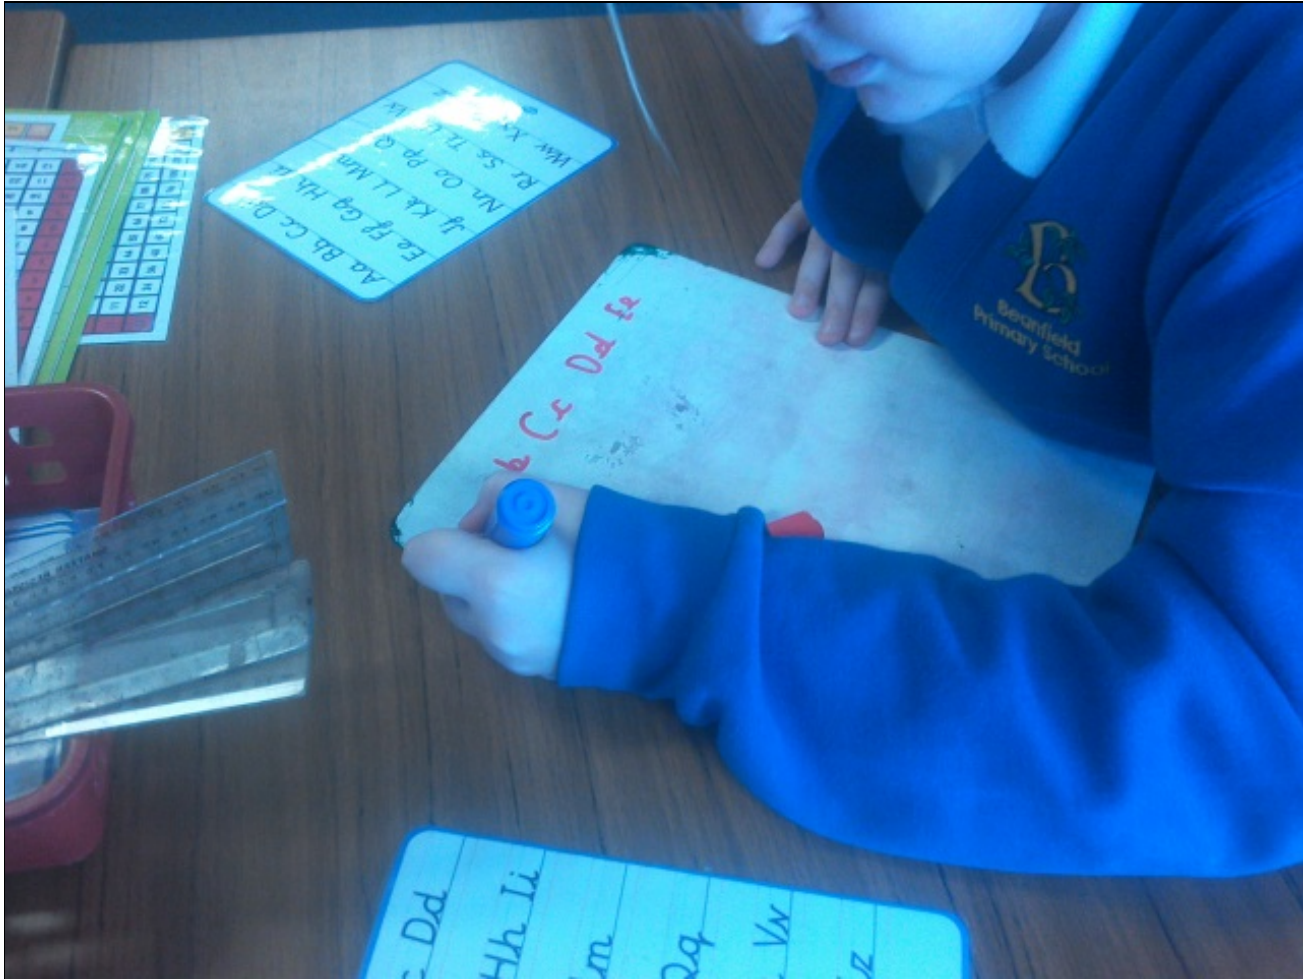

Respect teachers, children and yourself. Also you can respect yourself by wearing your school uniform and wearing it with pride. You can show respect by having a great learning attitude. Respect everyone in school inside and out.

Responsibility

You can show this by taking care of your equipment in school and showing responsibility at lunch and break by doing these jobs: taking the lunch trolleys, tidying the cloakroom and doing the computer in the assembly. You can also show responsibility by going to boosters, reading and after school clubs.

Pride

You can show pride by taking pride in all of your books and in your school uniform. You can also show pride by finishing your work on time. Make sure your class room is tidy every day.

Tolerance

Tolerance is about learning new languages and having language of the term. You can also show tolerance by playing with people who have different colour hair or are from a different country.
