

# Autumn 2 in Reception

This half term our topic was 'Me and my community'. We started looking at maps and how they might be useful to help us get around! We used a map to find our elf in the Reception garden and went on a journey round our school to make a journey stick. We also learned about jobs in our community. The police will be coming to visit us in the new year so that we can learn about what they do to help us.

In Maths we started to learn our number bonds to 5. We used lots of songs to help us. We can show our number bonds to 5 using a part-whole model. We also started using positional language too!

In science, we have been learning about light and dark. We learned about the difference between day and night through discussing what we do at each time of the day. We also learned about Diwali– The Festival of Light. We had a dark den in our classroom too!

We have had lots of extracurricular fun this term, too! We celebrated Halloween, Children in Need, Remembrance day and much more!
