# So there could be more to your favourite YouTuber than you thought...

It's always helpful to think about motive

A **motive** is why someone does something.

# Why would someone do this? What is their motive?

To make  
people  
laugh

Post a video  
on YouTube

To advertise  
a product

To share their  
opinion about  
something

To make  
money

**It could be more than one!**

# Why would someone do this? What is their motive?

To support an article or some information

Share a photo online

Because they want to sell something shown in the picture

Because they find it funny

Because they want their family or friends to see it

It could be more than one!

# Why would someone do this? What is their motive?

To get more  
likes or  
subscribers

Run a  
giveaway

To reward their  
followers

To celebrate a  
big achievement

Because they're  
being paid to  
advertise a  
product

**It could be more than one!**

# When you see something online

## Ask...

**Where has this come from?**

**Who created or shared it?**

**What do they want me to do?**

**Will they gain anything?**

This will help you find the **motive**  
(The reason why)

# Choices Compass

---

## Online Choices Compass

---

On the next slide there are 5 scenarios. With each scenario I would like you to think about how each scenario makes you feel and what you would say to an adult if you found yourself in that scenario. Would you do anything differently if you were in that scenario that would help to create a positive outcome?

**Remember it is so important to talk to adults about scenarios that you find yourself in online. Especially when they make you feel uneasy or intimidated.**

# Online Choices Compass

## Scenario 1

You share a link with your friends to a website which has information that could upset people or cause offense.

## Scenario 2

Someone in your class shares an article that you know is not true. You decide to message them privately and let them know.

## Scenario 3

You have been chatting to someone online for a while and they start to ask you personal questions like what school you go to.

## Scenario 4

Someone in your class shares something online that you know is not true. You decide to call them out publicly on their post.

## Scenario 5

You are playing an online game and a pop up appears. It tells you that you have won lots of money. All you must do is click on it.
