

If you can, stick into your book. Or make sure have a copy of this to help you understand the vocabulary we will be covering in this new topic.

Unit 8

Fractions 1

In this unit we will ...

- ⚡ Find and use equivalent fractions
- ⚡ Convert between improper fractions and mixed numbers
- ⚡ Compare and order fractions
- ⚡ Understand fractions as division
- ⚡ Use fractions to show remainders

Do you remember what this model is called? We will use it to represent mixed numbers and improper fractions. Can you tell which is which?

We will need some maths words. Do you know what they all mean? Can you identify and explain the ones you already recognise?

equivalent	numerator	denominator
whole	fraction	simplify expand
division	improper	mixed number
convert	sequence	order
greater than (>)	less than (<)	equal to (=)

We will need to represent different fractions. What fractions are shown here?
